Topic/Issue	Discussion	Outcome/Resolution
1. Administration	Minutes of 10/14/07 approved.	
2. Review of fall season regarding the assignment of officials to come up with improvements for the spring.	Lengthy discussion on the problems and all the potential solutions for improving coverage of WMYSA games by officials.	Steps will be taken in conjunction with WMSRA & SWMSRA to promote as many individuals as possible through more clinics to become referees, all the while retaining as many 1 st , 2 nd & 3 rd year new officials as possible. Two introductory referee clinics will be held prior to the spring season. Arbitor assigning system will be set up and used to ID all game venues not being covered before the start of the season. League will impress upon each club their responsibility to promote, and in some cases help provide, referees for their home venues.
