**Subject:** MSYSA / GotSport Update - Phase 1 Training Available  
**Date:** Friday, March 12, 2021 11:58:21 AM

---

Dear League Representative,

By now you should be aware that the Michigan State Youth Soccer Association (MSYSA) is transitioning to GotSoccer's new registration platform, which is called GotSport. The change will be effective for the fall 2021 season. For more information regarding this change, please [click here](#).

You're receiving this email because WMYSA has identified you as a club or league representative who should complete the GotSport club training. You can expect to receive periodic updates and reminders from MSYSA over the next several months related to this GotSport transition. If you believe you're receiving this message in error, reply to this email and/or reach out to your contact from WMYSA.

MSYSA is excited to introduce our new GotSport 'onboarding' page, which outlines more information about our state's transition to GotSport. [Click here to visit MSYSA's GotSport onboarding site](#). Feel free to share this link with other representatives & volunteers from your club. Our GotSport Rollout Plan for clubs involves three phases of training. The training phases are explained in greater detail (with supporting 'help' documents) on the onboarding site, under the section labeled "Roll Out Plan."

We are now moving into Phase 1 of Club training. Phase 1 training includes an introduction to the new GotSport system for club administrators. The training also takes a deep dive into Club Programs, which is GotSport's online player registration feature.

We are offering 6 different sessions for the Phase 1 training, with morning and evening sessions available on various days. Trainings will take place virtually using Zoom, and will last 60-90 minutes. Each club representative only needs to attend one training session, since all Phase 1 trainings will cover the same material. If you can't attend any of the available session times, or if you simply want to view the training session again at a later date, please contact the MSYSA State Office via email to receive a link to a session recording.

Pre-registration is required in order to attend a training session. The links to sign up are available on MSYSA's GotSport onboarding website (link is above). Scroll down to the section labeled "Upcoming Phase One Webinar Training Dates."

Lastly, a representative from GotSoccer was in attendance (virtually) at MSYSA's recent 2021 Annual General Meeting. [Click here](#) to watch a video of the GotSport presentation given by

Barry from GotSoccer.

As always, if you have any feedback or questions, please reach out to us by sending an email to [stateoffice@michiganyouthsoccer.org](mailto:stateoffice@michiganyouthsoccer.org).

Thank you,

Thomas Faro  
MSYSA Executive Director
